Events which will be taking place for us:

GRADUATION- Our graduations are back!

The preschool graduation will be taking place on 18th June

We will also be bringing the first lot of trips back this month. Linking to the theme children from each room will either be having a visit to the local supermarket to buy ingredients for a cooking activity in their room that day or to the library to look at books to do with our monthly theme. As well as other trips which will be organised alongside the theme such as the park.

One exciting event that we would like to have is inviting parents in to do a cooking activity about different religions and food or simply just teaching our children about different foods from around the world.

In the next couple weeks we are also getting some new flooring in the two gardens. We are moving to Grass and we are very excited!

Lastly we will be hosting an event for Father's day. More information will be given regarding this. Look out for the email!

Things you can do at home to support our theme:

- Food games and taste tests
- Look at healthy and unhealthy foods
- Grow fruit or vegetables in the garden
- Cooking activities
- Fruit/ vegetable paint stamping

Exclusion Periods

Hand, Foot and Mouth	All blisters must have dried out before returning to nursery, usually after 5 days.
Tonsillitis	If prescribed antibiotics your child will be excluded for the first 48 hours of taking them.
Sickness and Diarrhoea	All children are excluded from nursery for at least 48 hours from their last bout of sickness or diarrhoea.
Scarlet fever	Excluded from nursery for the first 48 hours of antibiotics.
Eczema	Creams must be new and unsealed- Parents consent is required on medication form
Measles	Excluded for 4 days from the onset of the rash.
Ringworm	Excluded for 48 hours after applying first course of cream.
Chicken pox	All spots must be fully scabbed over before returning to nursery. This is usually around 5-7 days from when the last spot appears.
Head lice	Excluded from nursery until cleared from head lice.
Infant Suspension Calpol/Nurofen	If a child is presenting a fever, we will try to bring it down naturally however if medication is required this can only be administered once during the child's session at nursery. In this case, if a child has longer than 4 hours left of their session we will ask for the parents to arrange collection for the child. This is due to only being able to administer the medication once; if the child has a fever after the medication has worn off we would be unable to give them anymore. If a child has arrived at nursery after having Infant suspension the same day, they will be unable to attend that day's session. This is for the same principles as the previous policy. We apologise for any inconvenience caused.
Conjunctivitis	Children will be excluded till they are fully clear of infection and free of any discharge. Any eye prescriptions may only be administered after 48 hours.
Prescribed Medication	Children must be on medication for a minimum of 48 hours before returning to nursery. Medication can only be administered after the 48-hour exclusion even if your child has previously had the medication.
