## Communication

Welling have adapted their 2-year review process. This is the review that you do with your health visitor between the age of 24-30 months. Due to this change there will be some changes to how we do 2-year review at the nursery. Our new process has been emailed to all parents. If you have any questions, please feel free to contact us.

We look forward to celebrating our school leavers at our yearly graduation party on Sunday 18th June!.

## Employee of the Month

We would like to say a big **Congratulations** and a massive **Thank you** to our staff member, Charlotte from Tweenie Room. Charlotte has been impressing her colleagues with amazing set-ups, especially in the garden, and has built great relationships with her key children and parents.

## Breakfast

Just a quick reminder that breakfast is served until 8.30am. If you wish for your child to have breakfast arrive at nursery with enough time for your child to have breakfast.

## The Coronation of King Charles

The children had an amazing street party to celebrate the coronation of King Charles. They had their tea in the garden with a surprise guest! They designed and made their own crowns for the occasion.

## Our caterpillars

The children have shown great interest in the development of our caterpillars.

They have watched them create cocoons and then emerge as beautiful butterflies!

## First aid training

Here are some pictures of our staff having First aid training.

All of our staff at Monkey Puzzle Welling are first aid trained!

## Ideas for home learning

There are lots of different activities that can be done at home to link to our theme of the month. These can either be outings or creative activities for indoors. Please see list and pictures below to support:

■ Go on a minibeast hunt around the park/ garden

■ Make your own minibeast habitat

## Exclusion Periods

<b>Hand, Foot and Mouth</b>	All blisters must have dried out before returning to nursery, usually after 5 days.
<b>Tonsillitis</b>	If prescribed antibiotics your child will be excluded for the first 48 hours of taking them.
<b>Sickness and Diarrhoea</b>	All children are excluded from nursery for at least 48 hours from their last bout of sickness or diarrhoea.
<b>Scarlet fever</b>	Excluded from nursery for the first 48 hours of antibiotics.
<b>Eczema</b>	Creams must be new and unsealed- Parents consent is required on medication form
<b>Measles</b>	Excluded for 4 days from the onset of the rash.
<b>Ringworm</b>	Excluded for 48 hours after applying first course of cream.
<b>Chicken pox</b>	All spots must be fully scabbed over before returning to nursery. This is usually around 5-7 days from when the last spot appears.
<b>Head lice</b>	Excluded from nursery until cleared form head lice.
<b>Infant Suspension Calpol/Nurofen</b>	<p>If a child is presenting a fever, we will try to bring it down naturally however if medication is required this can only be administered once during the child's session at nursery. In this case, if a child has longer than 4 hours left of their session we will ask for the parents to arrange collection for the child. This is due to only being able to administer the medication once; if the child has a fever after the medication has worn off we would be unable to give them anymore.</p> <p>If a child has arrived at nursery after having Infant suspension the same day, they will be unable to attend that day's session. This is for the same principles as the previous policy. We apologise for any inconvenience caused.</p>
<b>Conjunctivitis</b>	Children will be excluded till they are fully clear of infection and free of any discharge. Any eye prescriptions may only be administered after 48 hours.
<b>Prescribed Medication</b>	Children must be on medication for a minimum of 48 hours before returning to nursery. Medication can only be administered after the 48-hour exclusion even if your child has previously had the medication.
