Team member of the Month!

We would like to say a huge well done and thank you to Leane, who has earned the Marvin The Monkey Team Member of the month! As well as preparing nutritious and tasty meals for our children, Leane has gone above and beyond, helping out in the rooms supporting the children and keeping our nursery a clean and safe environment for all of us to enjoy.

Learning journey

Now, let's take a moment to celebrate the incredible achievements of our little ones on their learning journey. This month, we celebrated World Book Day alongside Mother's Day!

Our parents stay and play for World Book Day was a blast! Our dedicated staff dressed up and led fun activities for parents and children to enjoy together. Mini Preschool celebrated their children's favourite book, "Harry and his Bucket Full of Dinosaurs." After reading Little Princess, the Preschool children really enjoyed making crowns so that they could be little princes/princesses too. Our babies experienced the fun that the Little Digger had as they dug in the mud and pushed their diggers around. Our Tweenie children enjoyed the traditional tales of Goldilocks and the Three Bears and The Three Little Pigs with their parents, building houses and making tasty porridge. It was a magical day of imagination and creativity!

As part of our World Book Day celebrations our babies went on a trip to Bexleyheath Library. They enjoyed their bus journey and exploring the enormous collection of books and toys.

Sickness and Diarrhoea	All children are excluded from nursery for at least 48 hours from their last bout of sickness or diarrhoea.
Scarlet fever	Excluded from nursery for the first 48 hours of antibiotics.
Eczema	Creams must be new and sealed - parents consent is required on medication form.
Measles	Excluded for 4 days from the onset of the rash.

Infant Suspension Calpol/Nurofen	<p>If a child is presenting a fever, we will try to bring it down naturally however if medication is required this can only be administered once during the child's session at nursery. In this case, if a child has longer than 4 hours left of their session we will ask for the parents to arrange collection for the child. This is due to only being able to administer the medication once; if the child has a fever after the medication has worn off we would be unable to give them anymore.</p> <p>If a child has arrived at nursery after having Infant suspension the same day, they will be unable to attend that day's session. This is for the same principles as the previous policy. We apologise for any inconvenience caused.</p>
Conjunctivitis	Children will be excluded till they are fully clear of infection and free of any discharge. Any eye prescriptions may only be administered after 48 hours.
Prescribed Medication	Children must be on medication for a minimum of 48 hours before returning to nursery. Medication can only be administered after the 48-hour exclusion even if your child has previously had the medication.
